Art Unit: 2829

1. Claims 1-3 and 6-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, it is unclear what “a selection circuit” and “switch” represent. Are they shown in any of drawings? Is “switch” referred to “SW1,SW2,SW3” in figure 10?

In claim 2, it is unclear what “a first switch” represents. Is it shown in any of drawings? Furthermore, it is unclear how this “first switch” is interrelated and associated with the selection circuit and the switch in claim 1.

In claim 3, it is unclear what “the second switch” represents. Is it shown in any of drawings? It appears that “the second switch” has not been recited previously, therefore this term is indefinite. Furthermore, it is unclear how the “first switch” and the “second switch” are interrelated and associated with the selection circuit and the switch in claim 1.

In claim 6, it is unclear what “said selection means” represents. Is it shown in any of drawings? Furthermore, “said selection means” has no antecedent basis.

The dependent claims not specifically address share the same indefiniteness as they depend from rejected base claims.

2. The drawings are objected to because there is no indication on the drawings showing how the CPU(901) receives data signals for analyzing. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Art Unit: 2829

3. Since claims are indefinite, no art has been applied to these instant claims .

Give Final rejection 7-40.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
